

Brita ties a variety of flies, but is well known for her awesome flatwing streamers and squids! Brita is currently a Lagartan Pro, J. Stockard Pro Tyer and American Museum of Fly Fishing Ambassador. She was an Umpqua Signature Fly Designer in 2016. She now works for FARBANK (Sage, Rio, Redington) and is a fly fishing guide on Puget Sound and the Hood Canal. We are extremely happy to have Brita join our team. If you want to know more about Brita and the flies she ties, be sure to visit her Instagram page @seafly907.
